## Past Matches

### 5<sup>th</sup> Sep 2015 – Honiton 7 Argaum 19 – First Match in Cornwall & Devon League.

The Chiefs started brightly taking the game to the home side who were unable to keep the Devon & Cornwall new boys from rampaging up the field into Honiton territory. It wasn't long before the referee gave Jake Turfrey the chance to put Argaum into the lead but the penalty sailed wide of the sticks. This seemed to give the home side the kick they needed and they took up the challenge laid down. They soon earned themselves a penalty which looked kickable but the rugby gods had other ideas.

With the game deadlocked Argaum were once again on the attack. With great vision (Dave has another view on this), Ben Glanfield scooped the ball out of the back of a ruck and put up a great box kick, it bounced out of the Honiton defenders arms and landed in the hands of Jamie Burton. They were never going to stop him and he went over in the corner, and with Jake adding the extras, the Chiefs took a well deserved lead. With their tails up, the Argaum XV let nothing through, tackling was relentless and bodies were being patched up and redeployed into battle. Forwards and backs were making in roads and before long Ieuan Evans showed his pace to add another 5 points, followed by 2 from the metronomic boot of Turfrey.

The pack were having a great day winning scrum and lineout with great regularity and the game took a negative turn when the scrums were forced to go uncontested, negating the advantage. The backs were also causing the home defence problems of their own, both with their tackling and pace. Anything that got past the front line of defence was met with a stern backline and the holy grail of a try was looking less likely as time ticked by. The constant work rate paid dividends when Evans dived over for his second giving the visitors a 19-0 lead. It could have so easily been more

and if only a couple of final passes found their mark Argaum could have made it a 5 point introduction to the new league.

To give credit where it's due, Honiton never gave up and battled to the end. The tenacity was rewarded with a converted try in the last minute, closing the game out with a 7-19 score line.

## A Foot in Both Camps

It was good to see former captain Roger Marks at this corresponding fixture last season. Roger admitted to having divided loyalties having grown up in Honiton and turned out for the 'Lacemen' before moving down to Plymouth, where he skippered Argaum during the 1983-84 season from the centre position. Roger is well known for leading his **Armada Jazz Band** who are still active in the region's music scene.
